

A NATIONAL RESPONSE TO A DEADLY CRISIS:

SUPPORT Full-Spectrum Addiction Care

Congressional Briefing | May 10, 2023

Panelist Biographies:

Brian Hurley, President, MD, MBA, DFASAM, FAPA
American Society of Addiction Medicine

Dr. Hurley currently serves as the President of ASAM's Board of Directors, is an addiction physician, and the Medical Director of the Division of Substance Abuse Prevention and Control for the Los Angeles County Department of Public Health. Dr. Hurley is chair, clinical director, or grant lead for several programs focused on increasing access to addiction medications in Los Angeles County, and is primary investigator on a project integrating smoking cessation services into community mental health centers.

Natalie Kirilichin, MD, MPH
American College of Emergency Physicians

Dr. Kirilichin is a board-certified attending emergency medicine physician and assistant professor with the George Washington University Department of Emergency Medicine. As faculty, she works at GWU and The Walter Reed National Military Medical Center clinically caring for patients and teaching/training medical students and residents. Dr. Kirilichin developed an interest in behavioral health while working for the U.S. Senate HELP Committee as a health policy fellow. Dr. Kirilichin also serves as a medical advisor for the National Safety Council.

Kelly Dunn, PhD, MBA, MS
American Psychological Association

Dr. Dunn focuses primarily on the treatment of opioid use disorder. She has worked on more than ten randomized clinical trial evaluations of treatments for patients with opioid use disorder and has contributed to research regarding medication development for alcohol use disorder and cigarette smoking. She is currently pursuing several lines of research related to opioid use disorder. Dr. Dunn also has training in the use of incentives (contingency management) to modify behaviors. Currently, she is Professor of Psychiatry and Behavioral Sciences at Johns Hopkins.
